With variety and breadth, these essays celebrate the 800th anniversary of the foundation of the Dominican Order as well as the richness in Catholic thought and praxis during the past hundred years around the world. Their themes range from Yves Congar's view of the hierarchy to Jacques Loew's theory of ministry in the workplace. Ideas from thinkers interacting with Islam and Judaism lead on to a theology of refugees. A book for those pondering theology amid history and culture.

[Italiano]: Il presente lavoro costituisce una biografia intellettuale di Jacques-André Naigeon (1735-1810), importante figura del secolo dei Lumi francese. Biografo e primo editore di Diderot, Naigeon fu testimone privilegiato delle innumerevoli vicende politiche, sociali e culturali che sconvolsero la società francese. Ateo convinto, editore infaticabile, fine conoscitore della letteratura clandestina, il giovane Naigeon fece in tempo a collaborare agli ultimi volumi

dell'Encyclopédie e a partecipare, con il barone d'Holbach, alla propagazione di numerosi scritti eterodossi, materialisti e ferocemente anti-clericali; dopo la Rivoluzione – la quale lo spinse alla riflessione ma non ad un'attività politica propriamente detta – fu integrato dalla cultura “ufficiale” tramite l'elezione presso l'Institut de France: ma nonostante alcuni lavori editoriali di grande pregio, Naigeon resterà esclusivamente la testimonianza vivente di una stagione culturale ormai irripetibile ./[English]: This work aims at being an intellectual biography of Jacques-

André Naigeon (1735-1810), an important figure of French Enlightenment. Not only was he very close to Diderot - of whom he was biographer and editor - but he was also a privileged witness of the countless political, social and cultural events that led to the French Revolution. Besides being a convinced atheist, a tireless publisher, a fine connoisseur of Clandestine literature, Naigeon had the opportunity to collaborate in writing the last volumes of the Encyclopédie and to participate in the propagation of heterodox, materialistic and fiercely anti-clerical writings. After the Revolution - at the beginning of which he tried in vain to make himself heard by the

Assemblée Nationale - he was then integrated into the "official" culture through the election at the Institut de France: however, even if he is the author of some prestigious works, Naigeon remains exclusively the living testimony of a now unrepeatable cultural season.

Christine Hünefeldt documents in impressive, moving detail the striving and ingenuity, the hard-won triumphs and bitter defeats of slaves who sought liberation in nineteenth-century urban Peru. Drawing on judicial, ecclesiastical, and notarial records—including the testimony of the slaves themselves—she uncovers the various strategies slaves invented to gain their freedom. Hünefeldt pays particular attention to marriage relations and family life. Slaves used their family solidarity as a strategy, while slaveowners used the conflicts within families to prevent manumission. The author's focus on gender relations between slaveowners and slaves, as well as between slaves, is particularly original. Her eye for ethnographic detail and her perceptive reading of the documentary evidence make this book a rich and important contribution to the study of slavery in Latin America. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1994.

Isabella d'Este and Francesco Gonzaga BRILL

In the first book systematically to give evidence of conjugal co-rule at an Italian Renaissance court, and the first full length scholarly study of Isabella d'Este and Francesco Gonzaga, Sarah Cockram shows their relationship in an entirely new light. The book draws on (and presents) a large amount of unpublished archival material,

including almost unprecedented surviving correspondence between and around these Renaissance princely rulers. Using these sources, Cockram shows Isabella and Francesco's strategic teamwork in action, illuminating tactics of collaboration and dissimulation. She also reveals behind-the-scenes diplomatic activity; court procedures; sexual politics and seduction; gift-giving and network-building; rivalries, intrigues and assassinations. Several epistolary themes emerge: insights into the couple's communication practices and double-dealing, their use of intermediaries, and attention to security matters. This book's analysis of Isabella's co-rule with her husband, supported by other members of the Gonzaga dynasty, sees her sometimes in the role of subordinate partner, sometimes guiding the couple's actions. It shows how, despite appearances at times, the couple shared common diplomatic policy as well as human, material, and cultural resources; joint administration; and the exercise of authority and justice. Thus emerges a three-dimensional picture of the mechanisms of power and power sharing in the age of Machiavelli.

Due discorsi sopra la libertà ecclesiastica. Di G. S. Sardi Venetiano UNC Press Books

This book examines the criminalisation of denials of genocide and of other mass atrocities in Europe and discusses the implications of protecting institutional historical memory through criminal law. The analysis highlights the tensions with free speech, investigating the relationship between criminal law and historical memory. The book paves the way for a broader discussion about fake news, 'post-truth' scenarios, and free expression in a digital world. The author underscores the need to protect well-founded factual records from the dangers of misinformation. Historical denialism and the related jurisprudence represent a key step in exploring this complex field. The book combines an interdisciplinary approach with criminal law methodology. It is primarily aimed at academics, practitioners and others who wish to deepen their understanding of historical denialism, remembrance laws, 'speech crimes' and freedom of expression. Emanuela Fronza is Senior Research Fellow in Criminal Law and Lecturer in International and European Criminal Law at the School of Law, University of Bologna. She is a Principal Investigator within the EU research consortium Memory Laws in European and Comparative Perspectives funded by HERA (Humanities in the European Research Area).

Discussione del progetto di legge per la liquidazione dell'asse ecclesiastico. Tornate dal 5 al 28 luglio 1867 Peeters Publishers

This challenging volume contains articles by a wide variety of well-known scholars and practitioners, and deals with human rights, international humanitarian law, international criminal law and humanitarian assistance, as well as other areas of international law relating to the protection of humanity. These are topics

to which Flavia Lattanzi, in whose honour the volume is being published, has made an outstanding contribution and to which she has given her determined and unrelenting professional and personal commitment. As a former Professor at the Universities of Pisa, Sassari, Teramo and Roma Tre and as Judge ad litem at the International Tribunal for Rwanda and the International Tribunal for the Former Yugoslavia, she has adhered constantly to a number of important principles, as reflected in the research contained in this volume. They include the firm conviction that respect for human rights is an indispensable precondition for durable peace; the notion that grave breaches of human rights, including the refusal to provide assistance to populations in distress, can imply a threat to international peace and security; and that guarantees against human rights violations include the question of the punishment of core crimes under International Law.

The Promise of Renewal Verso

This first work in English to focus on Constant as a political theorist shows that his thinking was molded by the French Revolution of 1789 and by Napoleon's regime. Constant is identified as the first to recognize Bonapartism as a new form of despotism, arising from the theory of popular sovereignty, which is still the basis for modern Fascist and Communist regimes. His political thought is analyzed within the framework of his philosophy of history, law, ethics, and religion. Originally published in 1980.
