Say It! A Celebration of Expository Preaching in the African American Tradition argues that Biblical Exposition is most dynamic when coupled with the African American preaching tradition. Charlie Dates, Romell Williams, George Parks, Jr., Terry D. Streeter and a cast of pastors and preaching professors collaborate to demonstrate the power of exposition in the cradle of the Black pulpit. The contributors in this volume give examples of African American Biblical exposition in every section of the Old Testament and New Testament. They also explain how to preach from narrative, poetical, prophetic, epistolary, and apocalyptic genres throughout the Scriptures. This important and powerful resource celebrates the faithful, biblical preaching of African Americans that is so often overlooked because it's stylistically different than the style of most white preachers. Appropriate for training associate ministers or use as a textbook in homiletics, Say It! will give the preacher what is needed to speak to real life from every page of the Book!

A fresh approach to the theology of preaching that will inspire every pastor Putting it to Work in Your Life Penguin

"Progress in the Pulpit is a master class in preaching, written by two most-qualified authors. Dr. Jerry Vines is truly a Prince of the Pulpit." — Dr. Albert Mohler Jr., from the foreword Like musical instruments, preachers get better over time—unless, of course, they neglect maintenance. Progress in the Pulpit is for seasoned preachers looking to refresh their craft and receive guidance for contemporary challenges to preaching. While most preaching books are geared toward new preachers, Progress in the Pulpit builds on the basics and focuses on what often falls into neglect. You will learn to better: Connect to audiences without compromising biblical truth Plan, evaluate, and get feedback on sermons Battle biblical illiteracy in your congregation Employ word studies and other technical aspects of biblical interpretation Increase imagination and creativity in sermon writing Extend the life of a sermon via social media, small groups, and more Establish habits for continued growth Drs. Jerry Vines and Jim Shaddix, who wrote Power in the Pulpit (a book still used in seminaries today), remain committed to pure expository preaching. Yet they understand that the times change and present new challenges. Here they offer guidance to help preachers stay sharp and grow in the craft of faithfully proclaiming God's Word.

"Some may object to my dogmatic assertions; but I do not apologize for them. Every preacher should believe strongly in his own method; and if I cannot persuade all of the rightness of mine, I can at least stimulate them to think and to consider other possibilities. I can say quite honestly that I would not cross the road to listen to myself preaching, and the preachers whom I have enjoyed most have been very different indeed in their method and style. But my business is not to describe them but to state what I believe to be right, however imperfectly I have put my own precepts into practice. I can only hope that the result will be of some help, and especially to young preachers called to this greatest of all tasks, and especially in these sad and evil times. With many others I pray that 'The Lord of the harvest may thrust forth' many mighty preachers to proclaim 'the unsearchable riches of Christ!'" "Gardiner Spring's 'The Power of the Pulpit' is an old classic on preaching that truly believes in the pulpit. It deserves to stand on every minister's bookshelf beside Spurgeon's 'Lectures to my Students' and Lloyd-Jones's 'Preaching.' I'll never forget the first time I read Spring's chapter on a minister's personal piety; it overwhelmed me, and moved me to tears, to silence, to confession, and to prayer for mercy and help.

This is a great book which every minister should read and re-read, if he really wants to get a sense of the magnitude, awesomeness, power, and beauty of his calling." - Dr. Joel R. Beeke

Clergymen and the Politics of Revolutionary America Zondervan

In Pulpit and Nation, Spencer McBride highlights the importance of Protestant clergymen in early American political culture, elucidating the actual role of religion in the founding era. Beginning with colonial precedents for clerical involvement in politics and concluding with false rumors of Thomas Jefferson's conversion to Christianity in 1817, this book reveals the ways in which the clergy's political activism—and early Americans' general use of religious language and symbols in their political discourse—expanded and evolved to become an integral piece in the invention of an American national identity. Offering a fresh examination of some of the key junctures in the development of the American political system—the Revolution, the ratification debates of 1787–88, and the formation of political parties in the 1790s—McBride shows how religious arguments, sentiments, and motivations were subtly interwoven with political ones in the creation of the early American republic. Ultimately, Pulpit and Nation reveals that while religious expression was common in the political culture of the Revolutionary era, it was as much the calculated design of ambitious men seeking power as it was the natural outgrowth of a devoutly religious people.

Biblical exegesis doesn't stop with the words alone. Faithful preachers exegete the emotion of the text as well. It's easy to let our own personalities dictate the emotional dimension of our sermons, but the best preachers mirror the Bible's emotive intent in their sermons. In Passion in the Pulpit, Jerry Vines and Adam Dooley will teach you how to exegete not just the verbal content of Scripture, but its emotional appeal as well. They show you the role the Bible's emotional intent should play in each stage of sermon prep, and: Offer exegetical steps to discern the biblical pathos Teach you how to avoid manipulation while making your sermons emotional Help you determine the appropriate limitations of emotional appeal Give you verbal, vocal, and visual techniques to help convey the biblical emotional intent in your sermons When we elevate the Bible's emotional intent above our own, we preach truth rather than personality.

From the New York Times bestselling author of Everything Happens for a Reason: And Other Lies I've Loved, a fascinating look at the world of Christian women celebrities Since the 1970s, an important new figure has appeared on the center stage of American evangelicalism—the celebrity preacher's wife. Although most evangelical traditions bar women from ordained ministry, many women have carved out unofficial positions of power in their husbands' spiritual empires or their own ministries. The biggest stars—such as Beth Moore, Joyce Meyer, and Victoria Osteen—write bestselling books, grab high ratings on Christian television, and even preach. In this engaging book, Kate Bowler offers a sympathetic and revealing portrait of megachurch women celebrities, showing how they must balance the demands of celebrity culture and conservative, male-dominated faiths.

The call to preach is just that—a call to preach. The call to preach, however, is more than just preaching. The call to preach is a call to prepare. Too many pastors have refrained from preparation while they await the Holy Spirit to do all of the work. God expects preachers to prepare sermons as much as possible and allow Him to prepare the preachers. Join Dr. Jerry Vines and Dr. Jim Shaddix as they achieve a balanced approach to teaching sermon preparation in Power in the Pulpit. This book combines the essential perspectives of a pastor of forty years with another pastor who also devotes daily time to training pastors in the context of theological education. Thus, Power in the Pulpit is a practical preaching help from a pastoral perspective in the tradition where expository preaching is a paramount and frequent event in the life of the local church. Power in the Pulpit is the combined work of Dr. Vines's two earlier publications on preaching: A Practical Guide to Sermon Preparation (Moody Press, 1985) and A Guide to Effective Sermon Delivery (Moody Press, 1986). Dr. Shaddix carefully organizes and supplements the material to offer this useful resource which closes the gap between classroom theory and what a pastor experiences in his weekly sermon preparation.

Should women who preach, preach as women? Preaching Women argues that far from being a gender-neutral space, the pulpit is a critical place in which a gender imbalance can begin to be redressed. There is a vital need for women preachers to speak out of their experience of living as women in today's culture and church Filling a glaring gap in the literature around homiletics, Filling a glaring gap in the literature around homiletics, Preaching Women considers reasons why women preachers should preach from their experiences as women, what women bring to preaching that is missing without us, and how women preachers can go about the task of biblical preaching. Seasoned pastor and educator James L. Shaddix presents a philosophical and theological argument for the practice of biblical exposition as the pastor's primary approach to preaching ministry in the local church. Shaddix emphasizes listening for God's voice in the sermon, God-centered vs. man-centered preaching, and/or preaching for real life-

change.

Into the Pulpit Moody Publishers

During the Great Migration of African Americans from the South to the cities of the Northeast, Midwest, and West, the local black church was essential in the making and reshaping of urban areas. In Detroit, there was one church and one minister in particular that demonstrated this power of the pulpit—Second Baptist Church of Detroit (“ Second, ” as many members called it) and its nineteenth pastor, the Reverend Robert L. Bradby. In *Race, Religion, and the Pulpit: Rev. Robert L. Bradby and the Making of Urban Detroit*, author Julia Marie Robinson explores how Bradby ’ s church became the catalyst for economic empowerment, community building, and the formation of an urban African American working class in Detroit. Robinson begins by examining Reverend Bradby ’ s formative years in Ontario, Canada; his rise to prominence as a pastor and community leader at Second Baptist in Detroit; and the sociohistorical context of his work in the early years of the Great Migration. She goes on to investigate the sometimes surprising nature of relationships between Second Baptist, its members, and prominent white elites in Detroit, including Bradby ’ s close relationship to Ford Motor Company and Henry Ford. Finally, Robinson details Bradby ’ s efforts as a “ race leader ” and activist, roles that were tied directly to his theology. She looks at the parts the minister played in such high-profile events as the organizing of Detroit ’ s NAACP chapter, the Ossian Sweet trial of the mid-1920s, the Scottsboro Boys trials in the 1930s, and the controversial rise of the United Auto Workers in Detroit in the 1940s. *Race, Religion, and the Pulpit* presents a full and nuanced picture of Bradby ’ s life that has so far been missing from the scholarly record. Readers interested in the intersections of race and religion in American history, as well as anyone with ties to Detroit ’ s Second Baptist Church, will appreciate this thorough volume.
