In the early 90s,
Somalia was a country
in chaos. As civil war

raged, warlords carved out their own territories, enforcing their will through militia gangs, while famine compounded the situation. As a joint US – UN mission struggled to maintain order, the warlords began to unite behind Mohamed Farrah Aidid, who was to proclaim himself President of Somalia and embark upon a campaign to force the peacekeepers out of the country.

Operations against Aidid and his strongholds intensified, culminating in the famous Operation Gothic Serpent, and the rescue mission to save a downed Black Hawk helicopter carried out by US Rangers and Delta Force operatives. Day of the Rangers, the latest companion for Force on Force, provides wargamers with all the background, orders of battle, and scenarios they need to immerse themselves in

the epic battle for Mogadishu.

Most who read the Declaration of Independence find three foundational liberties promised to our citizens: life, liberty, and the pursuit of happiness. An increasing number of citizens seem to be discovering the fourth: the right to alter or abolish a form of government that leads invariably to tyranny. Since leaving the military

and his security contracting work behind, Dave has been preparing himself for the time when exercising the right to alter or abolish may become necessary. When he is approached on behalf of some powerful men who are prepared to risk their fortune to strike a blow against the political tyranny embodied by the president, Dave is prepared to accept the role of assassin. As he prepares to accept the mission of a lifetime, an alternate narrative

begins to unfold. He struggles to discover whether the hit will be on behalf of a besieged gun maker or whether it has been orchestrated by members of the president's own party, who feel that his death would rescue the chances of their party heading into an election. As the motive becomes clear, so does Dave's course of action. He is caught in a race against time to thwart their plans, not for the leader of a country but for the life of a friend.

"My fellow Americans, I'm pleased to tell you today that I've signed legislation that will outlaw Russia forever. We begin bombing in five minutes. † ? – Ronald Reagan, 1984. With these words, spoken as a sound check to a radio broadcast, President Reagan came dangerously close to igniting the long-simmering Cold War. latest companion volume for Force on Force, looks at the 44-year history of the Cold War and asks: "what if? † ? The incomparable poetry of Han Shan (Cold Mountain)

and his sidekick Shih Te, the rebel poets who became icons of Chinese poetry and Zen, has long captured the imagination of poetry lovers and Zen aficionados. Popularized in the West by Beat Generation writers Gary Snyder and Jack Kerouac, these legendary T'ang era (618–907) figures are portrayed as the laughing, ragged pair who left their poetry on stones, trees, farmhouses, and the walls of the monasteries they visited. Their poetry expressed in the simplest verse but in a completely new tone, the voice of ordinary people. Here premier translator J. P. Seaton

takes a fresh look at these captivating poets, along with Wang Fan-chih, another “outsider” poet who lived a couple centuries later and who captured the poverty and gritty day-to-day reality of the common people of his time. Seaton’s comprehensive introduction and notes throughout give a fascinating context to this vibrant collection.
