Twentieth-century Italian Drama: The first fifty years Gremese Editore

"Eduardo De Filippo (1900-1984) e uno dei maggiori drammaturghi del novecento. Nel suo teatro, la famiglia rappresenta il punto nevralgico della societa. Attraverso quest'unita archetipica, le opere qui considerate si propongono come un lungo esame dei rapporti familiari e sono, al contempo, il barometro dei mutamenti sociali e culturali delle diverse epoche in cui si svolge l'azione. In questo nuovo lavoro, Donatella Fischer analizza ogni commedia come un ulteriore passo verso l'inarrestabile frantumazione dell'universo familiare e, soprattutto, della famiglia patriarcale i cui precetti si rivelano sempre piu anacronistici. Eduardo De Filippo ritrae famiglie divise dal conflitto fra illusione e realta (Natale in casa Cupiello), aggrappate alla speranza (Napoli Milionaria! e Questi fantasmi!), sovversive dietro la cornice borghese (Filumena Marturano), in balia del proprio tempo (Mia famiglia) e ridotte infine all'involucro di se stesse nell'ultima opera dell'autore Gli esami non finiscono mai."

"The Nativity Scene imparts insights into why millions of immigrants left Italy and established their presepe (Christmas cribs) elsewhere, in the new Promised Land . . . Through the image of the presepe, The Nativity Scene presents a dramatic debate over the place and significance of Italy's rich and powerful iconic heritage, and the myths and rituals attendant upon it as shapers of social life"--Publisher's website.

This film focuses on a family conceived out of wedlock. The mother is determined to rise her children and give them legitimacy in spite of a hostile environment. The father is called to repent his lack of paternal responsibility.

**Filumena Marturano** iUniverse Italy observed and recounted with irony and affection, but without indulgence, in its most evident features and its most

hidden depths: the rituals, the festivities, pastimes, food, passions, and great historical defects. It is a satirical or semi-serious gallery of characters (the politician, the teacher, the doctor, the "Moroccan," the notary, the cabineer, the big eater . . .) that make the social and human climate of a country unmistakable.

The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship. John London analyses performance, stage design, translation, censorship, and critical reviews in relation to the works of many authors, including Noel Coward, Arthur Miller, Eugene Ionesco, and Samuel Beckett. He compares the original reception of these dramatists with the treatment they were given in Spain. However, his study is also a reassessment of the Spanish drama of the period. Dr London argues that only by tracing the reception of non-Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre, alongside the simultaneous rejection of Spanish avant-garde styles. A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre.

Women in Italy, 1945 – 1960: An Interdisciplinary Study A&C Black Translation has been a crucial process in world culture over the past two millennia and more. In the English-speaking cultures many of the most important texts are translations, from Homer to Beckett, the Bible to Freud. Although recent years have seen a boom in translation studies, there has been no comprehensive yet convenient guide to this essential element of literature in English. Written by eminent scholars from many countries, the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture, encouraging awareness of

the issues raised, making the translator more 'visible'. Concentrating on major writers and works, it covers translations out of many languages, from Greek to Korean, from Swahili to Russian. For some works (e.g. Virgil's Aeneid) which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. The Guide is divided into two parts. Part I contains substantial essays on theoretical questions, a pioneering outline of the history of translation into English, and discussions of the problems raised by specific types of text (e.g. poetry, oral literature). The second, much longer, part consists of entries grouped by language of origin; some are devoted to individual texts (e.g. the Thousand and One Nights) or writers (e.g. Ibsen, Proust), but the majority offer a critical overview of a genre (e.g. Chinese poetry, Spanish Golden Age drama) or of a national literature (e.g. Hungarian, Scottish Gaelic). There is a selective bibliography for each entry and an index of authors and translators.

This book is addressed to "lovers of paradoxes" and we have done our utmost to assemble a stellar cast of Neapolitan and American scholars, intellectuals, and artists/writers who are strong and open-minded enough to wrestle with and illuminate the paradoxes through which Naples presents itself. Naples is a mysterious metropolis. Difficult to understand, it is an enigma to outsiders, and also to the Neapolitans themselves. Its very impenetrableness is what makes it so deliriously and irresistibly attractive. The essays attempt to give some hints to the answer of the enigma, without parsing it into neat scholastic formulas. In doing this, the book will be an important means of opening Naples to students, scholars and members of the community at large who are engaged in "identity-work." A primary goal has been to establish a dialogue with leading Neapolitan intellectuals and artists, and,

ultimately, ensure that the “ deliriously Neapolitan ” dance continues.

introduces five one act plays by Eduardo De Filippo to English speaking readers and audiences for the first time. Both individually and collectively, these works bring into clear focus the atmosphere and environment of pre- and post-World War II Naples. At the same time they offer the reader/spectator glimpses into unforgettable lives and situations - glimpses that record De Filippo's favorite emblems with marvelous clarity: a Neapolitan setting; a Neapolitan family; a Neapolitan commedia figure. We witness the playwright's uncanny ability to mix comic and tragic elements simultaneously as romantic courtship prevails despite poverty and infirmity in *Philosophically Speaking*: a tired marriage and the temptation of youthful flirtation oppose each other in *Gennarenello*: a government clerk happens upon the demolition of his childhood home in *So Long, Fifth Floor*; an old actor fantasizes about performing a major role once again in *The Part of Hamlet*: and a tired salesman learns that his room has been used for the laying out of his deceased landlord in *Dead People Aren't Scary*.

Publisher description

Sophia Loren (Turner Classic Movies) Indiana University Press This book reveals for the first time the import of a huge network of connections between Tennessee Williams and the country closest to his heart, Italy. America's most thought-provoking playwright loved Italy more than any other country outside the US and was deeply influenced by its culture for most of his life. Anna Magnani's film roles in the 1940s, Italian Neo-realist cinema, the theatre of Eduardo De Filippo, as well as the actual experience of Italian life and culture during his long stays in the country were some of the elements shaping his literary output. Through his lover Frank Merlo, he also had first-hand knowledge of Italian-

American life in Brooklyn. Tracing the establishment of his reputation with the Italian intelligentsia, as well as with theatre practitioners and with generations of audiences, the book also tells the story of a momentous collaboration in the theatre, between Williams and Luchino Visconti, who had to defy the unceasing control Italian censorship exerted on Williams for decades.

This volume focuses on the highly debated topic of theatrical translation, one brought on by a renewed interest in the idea of performance and translation as a cooperative effort on the part of the translator, the director, and the actors. Exploring the role and function of the translator as co-subject of the performance, it addresses current issues concerning the role of the translator for the stage, as opposed to the one for the editorial market, within a multifarious cultural context. The current debate has shown a growing tendency to downplay and challenge the notion of translational accuracy in favor of a recreational and post-dramatic attitude, underlying the role of the director and playwright instead. This book discusses the delicate

balance between translating and directing from an intercultural, semiotic, aesthetic, and interlingual perspective, taking a critical stance on approaches that belittle translation for the theatre or equate it to an editorial practice focused on literalism. Chapters emphasize the idea of dramatic translation as a particular and extremely challenging type of performance, while consistently exploring its various textual, intertextual, intertranslational, contextual, cultural, and intercultural facets. The notion of performance is applied to textual interpretation as performance, interlingual versus intersemiotic performance, and (inter)cultural performance in the adaptation of translated texts for the stage, providing a wide-ranging discussion from an international group of contributors, directors, and translators. Tennessee Williams and Italy Paulist Press

Speaking in Tongues presents a unique account of how language has been employed in the theatre, not simply as a means of communication but also as a stylistic and formal device, and for a number of cultural and political operations. The use of multiple languages in the contemporary theatre is in part a reflection of a more globalized culture, but it also calls attention to how the mixing of language has always been an important part of the functioning of theatre. The book begins by investigating various "levels" of language-high and low style, prose and poetry-and the ways in which these have been used historically to mark social positions and relationships. It next considers some of the political and historical implications of dialogue theatre, as well as theatre that literally employs several languages, from classical Greek examples to the postmodern era. Carlson treats with special attention the theatre of the postcolonial world, and especially the triangulation of the local language, the national language, and the colonial language, drawing on examples of theatre in the Caribbean, Africa, Australia, and New Zealand. Finally, Carlson considers the layering of languages in the theatre, such as the use of supertitles or simultaneous signing. Speaking in Tongues draws important social and political conclusions about the role of language in cultural power, making a vital contribution to the fields of theatre and performance. Marvin Carlson is Sidney E. Cohn Professor of Theatre and Comparative Literature, CUNY Graduate Center. He is author of *Performance: A Critical Introduction*; *Theories of the Theatre: A Historical and Critical Survey*, from the Greeks to the Present; and *The Haunted Stage: The Theatre as Memory Machine*, among many other books. This volume brings together specialists from a variety of disciplines to develop a deeper understanding of the social, political, and cultural history of women in Italy in the years 1946-1960. Despite being a time when women and the family were at the center of national debates, and when society changed considerably, the fifteen years following the Second World War have tended to be overlooked or subsumed into discussions of other

periods. By focusing on the experience of women and by broadening the frame of reference to include subjects and sources often ignored, or only alluded to, by traditional analyses, the essays in this volume break new ground and provide a corrective to previous interpretive models.

Marcello Mastroianni is considered by many to be the consummate symbol of Italian masculinity. In this work, Jacqueline Reich goes behind the popular image to reveal a figure at odds with and out of place in the unstable political, social and sexual climate of post-war Italy.

*Theatre Translation in Performance* Taylor & Francis

Francesco Rosi is one of the great realist artists of post-war Italian, indeed post-war world cinema. In this book, author Gaetana Marrone explores the rich visual language in which the Neapolitan filmmaker expresses the cultural icons that constitute his style and images. Over the years, Rosi has offered us films that trace an intricate path between the real and the fictive, the factual and the imagined. His films show an extraordinarily consistent formal balance while representing historical events as social emblems that examine, shape, and reflect the national self. They rely on a labyrinthine narrative structure, in which the sense of an enigma replaces the unidirectional path leading ineluctably to a designated end and solution. Rosi's logical investigations are conducted by an omniscient eye and translated into a cinematic approach that embraces the details of material reality with the panoramic perspective of a dispassionate observer. This book offers intertextual analyses within such fields as history, politics, literature, and photography, along with production information gleaned from Rosi's personal archives and interviews. It examines Rosi's creative use of film as document, and as spectacle). It is also a study of the specific cinematic techniques that characterize Rosi's work and that visually, compositionally, express his vision of history and the elusive "truth" of past and present social and political realities.
