Journal d'une Peste, tome 11 W. W. Norton & Company

At fourteen, Amy Van Brandt doesn't feel particularly close to anyone. Since her father died, her mother has become some sort of a zombie, except all of a sudden, she's back to life (and even wearing edgy underwear!). Could there be a connection with Dennis Belcher, the school principal? (OMG!) As for her best friend, Kat, love has rendered her brain uncharacteristically mushy. No way that's happening to her, either! But it seems no one is truly safe from love at first sight... And in the middle of all this chaos, there's only one thing Amy really wants: to find her place in the universe.

Chanter La Pêche aux moules au concours régional de chorales ? LA HONTE ! En simulant un malaise sur scène, Fannette voulait juste éviter à sa classe de se ridiculiser. Ce qu'elle n'avait pas prévu, c'est que ça lui vaudrait un bouche-à-bouche dégoûtant (beurk !) et un régime spécial grande malade ! Au programme : du repos et des brocolis (re-beurk !). Pas facile tous les jours d'être une peste... Parole de Fannette !

The Rise of the Western World Cambridge University Press

Fannette a encore un programme très chargé : aider Charly à espionner sa mère, se venger de Mme Turan qui traumatise ses élèves, semer la pagaille à la maison de retraite de pépé Gaston, conquérir le cœur du beau Théo Ulmer... Sera-t-elle à la hauteur de son titre de reine des pestes ?

A brilliant book celebrating improbability as the engine that drives life, by the acclaimed author of The Selfish Gene and The Blind Watchmaker. The human eye is so complex and works so precisely that surely, one might believe, its current shape and function must be the product of design. How could such an intricate object have come about by chance? Tackling this subject—in writing that the New York Times called "a masterpiece"—Richard Dawkins builds a carefully reasoned and lovingly illustrated argument for evolutionary adaptation as the mechanism for life on earth. The metaphor of Mount Improbable represents the combination of perfection and improbability that is epitomized in the seemingly "designed" complexity of living things. Dawkins skillfully guides the reader on a breathtaking journey through the mountain's passes and up its many peaks to demonstrate that following the improbable path to perfection takes time. Evocative illustrations accompany Dawkins's eloquent descriptions of extraordinary adaptations such as the teeming populations of figs, the intricate silken world of spiders, and the evolution of wings on the bodies of flightless animals. And through it all runs the thread of DNA, the molecule of life, responsible for its own destiny on an unending pilgrimage through time. Climbing Mount Improbable is a book of great impact and skill, written by the most prominent Darwinian of our age.

Feisty Lulu sets out to make some dough in this illustrated chapter book with "plenty of appeal" (Kirkus Reviews) from children's book legends Judith Viorst and Lane Smith. The stubbornly hilarious Lulu has decided it's time to buckle down and earn some cash. How else can she save up enough money to buy the very special thing that she is ALWAYS and FOREVER going to want? After some failed attempts at lucrative gigs (baking cookies, spying, reading to old people), dog walking seems like a sensible choice. But Brutus, Pookie, and Cordelia are not interested in making the job easy, and the infuriatingly helpful neighborhood goody-goody, Fleischman, has Lulu at the end of her rope. And with three wild dogs at the other end, Lulu's patience is severely tested. Will she ever make a friend—or the money she needs? In this standalone sequel to Lulu and the Brontosaurus, children's book legends Judith Viorst and Lane Smith once again prove that even the loudest, rudest, and most obstinate of girls can win us over.

Avis de tempête ! De La Martinière Jeunesse

Fannette a un gros problème. Ce problème, c'est Maxine, la

nouvelle recrue super belle et super sympa des Deep Dusty, le groupe de rock de Théo... Mais pas question de laisser cette fille lui faire de l'ombre ! Fannette, elle aussi, doit chanter au concert des Deep Dusty, et le petit numéro qu'elle prépare s'annonce... inoubliable ! Et 100 % peste, évidemment.

The How Cool Are Your Parents? (Or Not) John Wiley & Sons
Noël, ce n'est pas le moment de l'année que préfère Fannette. Déjà parce que personne, dans sa famille, n'est capable de lui offrir un cadeau digne de ce nom (qui serait content de recevoir un livre sur un jeune prodige de l'équitation ? Qui ?). Ensuite, parce que c'est la période des bulletins scolaires. Et, trop concentrée à devenir la reine des pestes, Fannette n'a pas vraiment assuré, côté notes... Les choses pourraient s'arranger avec le nouvel an : Fannette est invitée à une fête avec le beau Théo. Sauf que... Fannette doit aussi y emmener sa petite sœur Eva ! Une chance que Fannette soit diplômée de pestologie : elle trouvera bien un stratagème pour se sortir de ces mauvais pas !

Que c'est dur de retourner au collège après des super vacances...

Surtout quand on est la reine des pestes ! Heureusement, Fannette a plein d'idées pour rendre la vie plus amusante : Empêcher Lola de devenir diplômée de classe... Chanter faux pendant les répétitions de la chorale du collège... Aider son pépé Gaston à semer la pagaille dans sa maison de retraite... Et puis elle a un amoureux maintenant. Mais son histoire avec Théo sera-t-elle toujours la même sans la magie des vacances ?

Veterinary Vaccines John Wiley & Sons

The year is 1348 and the first plague victim has reached English shores. Panic erupts around the country and a small band of travellers comes together to outrun the deadly disease, unaware that something far more deadly is—in fact—travelling with them. The ill-assorted company—a scarred trader in holy relics, a conjurer, two musicians, a healer and a deformed storyteller—are all concealing secrets and lies. And at their heart is the strange, cold child—Narigorm—who reads the runes. But as law and order breaks down across the country and the battle for survival becomes ever more fierce, Narigorm mercilessly compels each of her fellow travellers to reveal the truth... and each in turn is driven to a cruel and unnatural death.
