The Sociology of Personal life is strongly influenced by Interactionist ideas and contrasts with structural theories. Sociologists from this perspective believe that in order to understand families, we must start from the point of view of the individuals concerned and the meanings they give to their relationships. '

Family | AQA A-level Sociology | The Sociology Teacher The concept of the life course refers to the social processes shaping individuals' journey through life, in particular their interaction with major institutions associated with the family, work, education, and leisure. The life course perspective distinguishes between trajectories on the one side and transitions on the other.
