The first human spliced with dino DNA learns his geneticist parents helped reverse engineer dinosaurs from ratites, their closest living

relatives. Every generation looks less like birds and more like dinos. But mysterious strangers want to exterminate the world ' s first dino-boy. Green, lizard-ish, and orphaned, Raptor Ray is on the run while dreaming of an island with reversed-engineered dinosaurs who need his help.

Raptor Ray 1 Montlake Romance
After a troubling childhood, wealthy Evan Sinclair likes his life orderly and controlled. He rarely gives in to spontaneous urges--until he begins a chance correspondence with a mystery woman

who sounds like his complete opposite. She intrigues and amuses him, and the interest seems mutual...which is more than he can say for his current obsession, Miranda Tyler, the tough-as-nails, sexy schoolteacher who's made it clear she's not impressed--or interested. Miranda finally has it all: a good job, friends, and the security of living in the quaint coastal town of Amesport, Maine. She even has an anonymous pen pal--a man she's never met yet has bonded with almost effortlessly. The only thing unsettling her life is Evan Sinclair. The handsome billionaire is arrogant, pompous, and far too used to getting his way. Miranda tries her best to avoid him, until Evan's steamy kiss turns her world upside down. Soon their red-hot desire is scorching the sheets and has them both spinning out of control. But when secrets are revealed, will their insatiable attraction keep them together or force them apart? In J.S. Scott's *The Billionaire's Touch*, the eldest Sinclair just might have met his match.

The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the *Seattle Times* as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive

biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read. **The Everything Store** Penguin Putnam

Praise for Trillionaire "Trillionaire is a

political, action, mystery, techno-thriller; unlike any book you've ever read. Although it's constructed on an incredible premise, the pieces come together like the movements of a fine watch. It will really make you think." "Trillionaire shatters the law of large numbers – the myth that hyper-growth can't continue once a company achieves a certain size. It demonstrates that a lack of vision is the only impediment to never-ending growth." "If the magazines on your coffee table include Forbes, Fortune, Business Week, Golf Digest or Aviation Week, you will absolutely devour this book." "If you know the difference between DARPA and EBITDA you will love this novel." "Trillionaire is a fast-paced, entertaining, coming-of-age story, filled with enough business history, science, macro-economic and geo-political meat to choke a horse... I couldn't put it down." "Trillionaire is a fun read but filled with great life lessons -- everything from tips on how to kick-start a successful career to the importance of strategic thinking, the value of an ultra-broad knowledge-base, and the ability to combine multiple, seemingly unrelated skills and technologies to create

innovative, mind-blowing new products and businesses.”

Written in an accessible and entertaining style, a financial guide teaches investors how to do their own research and investing rather than relying on the advice of others and provides a solid foundation on which investors can make money in any market by creating a profitable portfolio. Original. *Billionaire Unattainable* Mason Harlequin Yesterday John Fontanelli was just a pizza delivery guy in New York City. One day later he's the richest man in the world. One trillion dollars ? one million times one million ? \$1,000,000,000,000: more money than anyone could imagine. For generations the Vacchis, an old Italian family of lawyers and asset managers, had supervised the fortune as it grew over five hundred years, until one particular date that the benefactor had stipulated in his will. The youngest male descendant would be fated to oversee the fortune for the good of humanity. John relishes his new

life of luxury, rubbing elbows with royalty, buying up corporations, fielding a flood of beautiful women - until one day the phone rings, and a mysterious stranger tells the trillionaire that he knows what dirty secrets lie behind the fortune... Bestselling author Andreas Eschbach's "One Trillion Dollars" is a thriller that pits morality and choice against the lust for material goods - at any cost.

Taken by a Trillionaire eBook Partnership To Stephanie Sugarman, Charlie Preston is just the bad boy billionaire who rejected his own son. Six years ago, she and Charlie had an admittedly hot one-night stand, which left her pregnant. When she tracked down his family, his mother offered her money to go away. Now, however, Stephanie's forced to spend time with Charlie as her boss's liaison while Charlie crunches the numbers for a potential acquisition. At first, she can't stand to be in the same room as the charming, brilliant businessman. But as time goes on, she realizes the man she believed him to be and the man she sees now are completely different. This Charlie is honorable, charming, and—most importantly—would never abandon his son. And he seems determined to prove to her that he's worthy

of her heart. Even though he and Stephanie only spent one incredible night together, Charlie has never been able to get her out of his mind. Now that he's working with her, he has the chance to make things right, to prove he's someone she and their son can trust. He'll approach fatherhood the same way he approaches everything in life—with a detailed, meticulous plan. What he doesn't anticipate is fiercely independent Stephanie, who gets a bit prickly when he tries to lay out a future for them. The problem is, planning is what Charlie does best, but he learns too late that all the planning in the world can't make her stay with him. He'll have to ditch his plan and follow his heart...no matter where it leads.

The Billionaire's Touch Simon and Schuster
This issue we're entering into the unknown and the otherworldly, exploring strange worlds and stranger beings--not to mention the twisted, terrifying depths of some of the weirdest authors' minds. Subversive and thought provoking? Yes. Crazy as a box of Buck Roger's Intergalactic Fruit Loops? Most definitely. Dark, dreamy, and disgustingly depraved? Would it really be Polluto if it wasn't? Aliens, monsters, gods, dreams and nightmares; sex and transformation; strange worlds and the search for truth; death, blood and violence; the future of humanity; astrophobia, metatronians, sphere serpents and zombie amazons. Prepare for the unexpected . . . and remember, in space no-one can hear you dream.

It is time to stop setting your alarm clock and waking up way too early, just to build someone else's dream. When did you get to this point? Living in a spiral of waking up, going to work, missing your children, go to sleep, repeat...? Jason lost over 200 pounds. He

then told his story for the first time, which served as momentum on a path to speaking. This journey of self-realization led to his discovery using the very laws which bind our universe, and he consequently began changing the lives of everyone around him. After gaining some knowledge of the wealthiest 1%, Jason learned building multiple streams of passive is the only way to make it out of the employment/self-employment trap. His journey became even more exciting as a movement of prosperity began to grow nationwide. This led to Jason making many new friends along the way, and gave opportunity to learn from many leaders and mentors. Now, he not only helps people to find their true "self," by sharing his own experiences, he also shows them a path to building their own success through taking a different approach to business and life. Success, belief, and happiness must go hand in hand to achieve the greatest version of your "self." Warning: you may read a particular chapter or sentence; or possibly the entirety of this book, over and over again, just to catch something new, so you may want to have a highlighter, pen, and notepad handy. "I find it a little silly that we will watch a movie 30 times, which will fill our minds with negativity. Then, we will read a book, that will completely change our lives, once. I know - I did it for

most of my life. And you know what? As soon as I stopped doing it, I set myself up to become a millionaire before my very next birthday.

Any entrepreneur can recreate what I have done. Many people want to be happy, prosperous, rich, famous, wealthy... but, no one wants to put in the work or break out of their routine. In order to make that first million, you must take drastic action to change your mind. You must show the universe you deserve it by getting out of your own way. You have to be willing to show the world that you actually can change your inner self." - jason criddle
