relying on the dynamic potential of his position. The KID has been a favourite of legendary attacking players such as Mikhail Tal, Bobby Fischer and Garry Kasparov, and remains highly popular at club level. Victor Bologan presents a complete King's Indian repertoire for Black that is much more than just a lucidly explained and very playable set of responses. In many lines he presents two options to handle the Black position. Bologan's explanations are accessible for a wide range of players and he provides the reader with a thorough grounding in the strategic and tactical motifs. White players can benefit from this book as well, since the author looks at

all the lines from both sides. During his research, Bologan has found many new ideas and resources. He has also included several offbeat sidelines that will enable you to surprise your opponent. With this book under your belt you can go to your next tournament with confidence. You will win many exciting games with Bologan's King's Indian!

Vassily Ivanchuk Your Jungle Guide

Every chess player needs a high-quality answer to 1.e4, and there is nothing more reliable than 1...e5. Black stakes a claim in the centre and prepares to deploy his pieces on good squares. The challenge nowadays is to build a robust repertoire without being overwhelmed by the volume of material and continual advances in opening theory. In Playing

Igor Zaitsev, it can be found in the repertoires of some of the leading grandmasters of our era. As the author notes in his introduction, this is an objective presentation of two excellent opening variations for Black, from which players sitting on either side of the board may profit. The play is strategically complex, tactically rich and will improve you as both a player and connoisseur of the game. Kotronias' clear writing style, coupled with in depth analysis, makes for a splendid opening manual on two of the most topical – and solid – variations of the Ruy Lopez. Vasilios Kotronias has managed to not only teach us (myself included) some important theory and practice of the

Breyer and Zaitsev Systems, but also broaden our horizons to our approach to chess in general. His explanations are quite clear and the lines he provides are logical and concrete. This new book is aimed for all ages and chess levels. Welcome to the fascinating world of Breyer and Zaitsev! – Alexei Shirov, from his Foreword

The Art of the Tarrasch Defence New In Chess

King's Indian Warfare is a practical guide to the most dynamic and ambitious defense against 1.d4. Learn to play the King's Indian like a world-class attacker from a life-long expert. Inside Smirin annotates his best games in the King's Indian, explaining his successes, including his mini-match of four games over a decade against former World

Champion Vladimir Kramnik, which Smirin won 21/2-11/2. From sacrificial feasts to positional masterclasses, this book has it all.

Carlsen's Assault on the Throne Quality Chess Uk Llp

The King ' s Indian is a hugely popular opening at all levels of chess. Rather than attempting to secure early equality, Black is fighting for the initiative from the very first moves. White is allowed to build up an early central advantage but Black relies on the middlegame, hoping that the central installations that White has constructed will become unwieldy and vulnerable to a devastating counterattack. In many variations, White pursues material or strategic gains but in return Black has tactical and attacking

opportunities. The King ' s Indian Defence appeals to players who arrive at the board prepared for a fight. The Move by Move series provides an ideal format for the keen chessplayer to improve their game. While reading you are continually challenged to answer probing questions – a method that greatly encourages the learning and practising of vital skills just as much as the traditional assimilation of chess knowledge. Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn. This is an excellent way to study chess while providing the best possible chance to retain what has been learnt. * Everything you need to know about the King ' s

Indian Defence. * The Q and A approach emphasizes plans and strategies. *

Written by an expert on the opening.

King's Indian Warfare New In Chess

As a Chess Master who has spent many years playing aggressive and attacking chess, I was quite dismayed during a recent visit to my local bookstore. I was in search of a book that covered an array of attacks against many Pawn formations in an organized fashion. Needless to say, my search came up empty. The books on attacking fell short in many ways. Many of the books were simply a small collection of attack games with no instruction about the art of attacking or about the skills required to become a great attacker. None of them provided the reader with any reference information about attacking or the weaknesses of various Pawn formations. None of them contained games with attacking themes like the Traxler Variation of the Two Knight's Defense, and the Jack Young

Fishing Pole. None of them contained any wild attacking ideas that can stream from opening gambits such as the Blackmar-Diemer Gambit, King's Gambit, Scotch Gambit, Nakhmanson Gambit, etc. 500 pages, 435 games, Figurine Chess Notation.

Formation Attacks Batsford

The King's Indian Defense is one of Black's most dynamic and aggressive responses to 1.d4. A favourite weapon of both Fischer and Kasparov, it remains a popular choice at all levels of play. In this, the second volume of the Kotronias on the King's Indian series, grandmaster Vassilios Kotronias turns his attention to the main line of the famous Mar del Plata variation, which arises after the opening moves 1.d4 Nf6 2.c4 g6 3.Nc3 Bg7 4.e4 d6 5.Nf3 0 0 6.Be2 e5 7.0 0 Nc6 8.d5 Ne7 9.Ne1. This

leads to some of the most complicated and theoretically challenging positions in the King's Indian, but Kotronias provides a world-class repertoire for Black, including a wealth of original ideas and analysis. As well as providing detailed analysis, the author also shares his considerable knowledge of typical middlegame themes, both positional and tactical. A special selection of test positions is provided, enabling the reader to sharpen his tactical skills and increase his middlegame understanding."

Kotronias on the King's Indian

The Tarrasch Defence is one of the most ambitious ways to play against 1.d4. Black immediately fights for the centre, gets a lot of space and develops his pieces without

many problems. Great fighters like Boris Spassky, Paul Keres and Garry Kasparov have played the Tarrasch Defence. Former Russian Champion Alexey Bezgodov has more than 30 years of experience with the Tarrasch and is one of the world's greatest experts. *The Art of the Tarrasch Defence* is a deeply researched journey into the positional structures, the key moments in the fight for the initiative, the players and the variations. Bezgodov has injected his main line, the neglected Kasparov System, with a lot of surprising ideas and presents new ways to handle White's offbeat variations. He also shows that quite a few lines for Black with a bad reputation are actually good. He teaches how the giants of chess have exploited the many dynamic possibilities of the Tarrasch Defence, and he includes plenty of practical exercises. This is a must-have book for fearless players who

wish to surprise their opponents from move one? The and who like to play aggressively with Black -- but only with a reliable opening with a sound positional foundation.

The Grandmaster Battle

Manual SCB Distributors

The King's Indian Defence is one of Black's most combative responses to 1.d4. A favourite of both Fischer and Kasparov, it remains a popular weapon at all levels of chess.

Grandmaster Vassilios

Kotronias completes his epic series by tackling all major variations after 1.d4 Nf6 2.c4 g6 which were not covered in the previous volumes, culminating in the mighty S misch System.

Opening Repertoire - The Fianchetto System New In Chess

A Complete Fighting Repertoire against 1.d4! Do you like active piece play? Fighting for the initiative

Tarrasch Defense just may be what you are looking for. Its advantages include: (1) It can be played against pretty much anything: 1.Nf3, 1.c4, 1.g3, 1.d4. Play 1...e6, 2...d5 and 3...c5 and you are there! (2) It leads most of the time to a typical IQP pawn structure, and it is difficult for White to change the course of the opening. (3) Black ' s pieces naturally enjoy open lines and active posts so it ' s easy to play the opening moves quickly and successfully! This book is exceptional! Tarrasch exponents have been blessed in the past years with some excellent works, and this book continues this happy trend. It is both a detailed reference manual and a source of inspiration. For example, in the main line 1.d4 d5 2.c4 e6 3.Nc3 c5

Beating the Caro-Kann Quality Chess Uk Llp

The King s Indian Defense is one of Black s most dynamic and aggressive responses to 1.d4. A favourite weapon of both Fischer and Kasparov, it remains a popular choice at all levels of play. In this, the third volume of the Kotronias on the King s Indian series, grandmaster Vassilios Kotronias presents the second part of his world-class repertoire against the famous Mar del Plata variation, starting from the position after 1.d4 Nf6 2.c4 g6 3.Nc3 Bg7 4.e4 d6 5.Nf3 0 0 6.Be2 e5 7.0 0 Nc6 8.d5 Ne7, with the focus on 9.b4, 9.Nd2 and all other sensible alternatives

to 9.Ne1. Once again, Kotronias provides a turbo-charged repertoire for Black, with a plethora of novelties and original analysis. As well as providing detailed analysis, the author also shares his considerable knowledge of typical middlegame themes, both positional and tactical. A special selection of test positions is provided, enabling the reader to sharpen his tactical skills and increase his middlegame understanding."

The Fianchetto Solution Quality Chess Uk Llp

Explains how to respond to and overcome White's various Flank Openings. Kotronias's repertoire is based on sound, uncompromising play by Black, seeking to nullify White's initiative, but keeping enough imbalance in the game to play for a win.

Experts Vs. the Sicilian Quality Chess

The Nimzo-Indian and Queen's Gambit Declined are amongst black's soundest and most universal

answers to 1.d4. In his trademark style, Milos investigates the most positional ways to proceed after 1.d4 Nf6 2.c4 e6. He analyses all the critical lines whilst also taking a close look at all the sidelines and gives Black many new possibilities to spice up the game. We are convinced that this book will bring you inspirational games and results.

Playing 1. E4 E5 Owl Books

The Caro-Kann is one of Black's most reliable answers to 1.e4. It is a regular favourite of elite players, who know that computer-aided preparation now threatens the sharpest lines of the Sicilian or Ruy Lopez (at the very least with a forced draw). The Caro-Kann is less susceptible to such forcing lines -- Black sets out to equalise in the opening, and win the game later. Lars Schandorff reveals a bullet-proof opening repertoire and lucidly explains how Black should play the middle and endgame. Features:

A complete repertoire against 1.e4 with 1...c6; Written by an eminent opening expert; A rock-solid grandmaster repertoire.

Kotronias on the Kings Indian Quality Chess

The subject of the book and movie Searching for Bobby Fischer, Josh Waitzkin has long been the top-ranked player for his age in the United States and a role model for chess-playing kids everywhere. Now, for the first time, Waitzkin reveals the aggressive tactics and psychological techniques that have propelled him to the forefront of the chess world. His unique introduction to the game combines solid instruction with stories about his personal experiences that capture all the excitement and tension of playing chess at the championship level. Josh Waitzkin's Attacking

Chess presents nineteen different offensive strategies, progressing from the most elementary, including forks, pins, skewers, and double threats, to the more advanced and sophisticated moves used by the world's best players. Chapters such as Minor Traps, The Seventh Rank and the Pig, Mating Nets, and Quiet Moves in Attack show how anyone can develop a more aggressive and creative style of play. Each strategy is illustrated with examples taken from actual games Waitzkin has played, described with all the gusto and competitive intensity this young master brings to his craft. You can feel the heat of battle throughout this action-packed manual -- it's guaranteed to entertain and inspire all students of chess who want to learn how to

emerge victorious from the black and white jungle. Attacking Chess Quality Chess Seize the Initiative Right from the Start! Are you bored with slow maneuvering in systems such as the the Italian game with d2-d3 and the anti-Berlin? Do you enjoy confrontation in the center and sharp, tactical play? Alex Fishbein shows how the Scotch Gambit can give you exciting yet sound positions where you aim at the enemy king. In the Scotch Gambit, White immediately strikes in the center and attacks the f7-pawn, provoking concessions from Black. An imbalance typically results, where White has attacking chances on the kingside. The Scotch Gambit will help you develop a finer

feeling for the initiative and improve your combinational vision. You will also better understand strategic concepts, such as weak squares of one color and pawn structure nuances. Fishbein, an experienced player and author, takes you into a modern grandmaster ' s research lab. Here, all ideas are scrutinized and prepared for use against an opponent who is similarly armed with the latest theory and technology. The most critical responses for Black receive special emphasis. Alex Fishbein is an American grandmaster. His peak world ranking was #150. He was competitive in each of his four U.S. Championship appearances, including in 2004 when he won the Bent Larsen prize for the most uncompromising chess. A

lifelong 1.e4 player, Fishbein is known for interesting and creative play.

Taming the Sicilian

Grandmaster Repertoire

“ Chuky, you ' re a genius. ”

Leading grandmasters have been heard to whisper these words, impressed with yet another brilliancy of Vassily Ivanchuk.

The Ukrainian wizard, immensely popular with pros and amateurs alike, has been a member of the world elite for more than twenty years and is one of the most active players on the international circuit.

Ivanchuk has finished first in all major tournaments in the world, at times with astonishing supremacy and always with deeply creative chess. He has won the Junior World Championship, the Blitz World Championship and reached the number two spot in the world rankings. Four times he was a member of the team that won the Chess Olympiad, once also claiming the individual gold medal on first board. The question why Ivanchuk, with his

phenomenal talent and uncompromising passion for the game, has never become World Champion is something of a mystery. The inability to handle stress has been suggested and he himself has pointed at periods of 'black moods' or 'psychological crises'. Still, despite occasional erratic results, he has always maintained his position among the very best. For this book Correspondence Grandmaster and chess author Nikolay Kalinichenko has selected 100 of Vassily Ivanchuk's best and most instructive games, explaining his moves and plans for club players. The result is a fascinating and rewarding journey to 'Planet Ivanchuk', the extraterrestrial location where the sphinx from Lvov is said to receive his best brainwaves.

Your Chess Jungle Guide to 1. D4! - Volume 1A - Aggressive Enterprise - QG Accepted and Minors New In Chess
Yugoslav Grandmaster Svetozar Gligoric is firmly established as one of the great pioneers of the King's Indian strategy and

tactics. The variation he introduced in a tournament at Mar del Plata, Argentina, fifty years ago, is characterised by fierce attacks by the opposing sides - White on the queenside and Black on the castled king - making for exciting games and many dashing Black wins. This book contains not only up-to-date theory and illustrative games, but also the author's own fascinating narrative on the evolution, development and survival of his counterattacking system which has stood the test of time and remained popular at grandmaster and club level.

Beating Minor Openings New In Chess

The Sicilian Defence is Black's most ambitious and popular defence to 1 e4. Finding a suitable weapon against it has taxed many a grandmaster's brain. Should White dive into the labyrinth of mountainous theory and complications, in which the player who knows the latest theoretical wrinkle is likely to

prevail, or should White abstain and instead head for the more tranquil waters of the various Anti-Sicilians on offer? Perhaps the answer lies somewhere in-between! In this book, Grandmaster Nigel Davies tackles the Open Sicilian head on, but still develops an easy-to-use system for White based upon the fianchetto of the king's bishop. He arms the readers with an impressive repertoire which enables them to face the Sicilian Defence with renewed confidence.

*Covers all Black's possible Sicilian defences *Ideal for club and tournament players

*Written by an experienced openings expert
